

## Final Placings for the March Poker Challenge

Just as I was getting into my stride and about to show everyone how to do this archery thing the government steps in and we have to suspend shooting. Sheesh, am I never going to get to show my true worth?

So the final Poker Challenge Leaderboard positions remain as they were after Sunday 15<sup>th</sup>.

This means that the winner for the final month of Terry's Terrible Targets is "Mely the Mauler".

Well done Mely. Takings for this month are £41.00 so Mely gets half of this £20.50 and the remainder goes into the club funds to help with the cost of new target faces, etc.

I hope you have all enjoyed my little challenges each month? You have to agree that some where 'a little different'. I've run out of ideas for now and as we are about to go outside to shoot I think it a good idea to rest my feeble little brain for a while. (I will be looking for new ideas for the next indoor season though.)

Thank you all for taking part and having a bit of extra fun whilst helping to boost the club funds. The total amount that has been raised for the club is £132.75. Thank you all for your generosity.
